

TECHNICAL TALK

INTRODUCTION:

The event name is self-explanatory i.e. characterizing or showing skill in or specialized knowledge of applied sciences. Every individual has some hidden talent and skill in him/her. So this is the place where you can come and prove your talent and show your uniqueness among others. The participant is expected to speak on a topic which will be given on the spot. Depth of knowledge regarding the topic and the way of expressing and conveying the speech will be the selection criteria.

STRUCTURE:

- This event consists of two rounds.

Round1:

- A preliminary test will be conducted for 20 marks to test the conceptual knowledge of the participant. 15 mins time will be allotted for the test.
- 30 participants will be selected for the second round.

Round 2:

- The participant will be given a topic on the spot.
- The participant will be given ample time to prepare and he/she is expected to give a speech on the topic.
- He/she shouldn't speak more than 3-4 min about the topic.
- The effectiveness and content of speech will be taken into account.

RULES AND REGULATIONS:

- Each individual can register for this event.
 - Second round is a spot event and the topic will be given on the spot.
 - The participants are expected to not to discuss the topic among themselves.
- The decision of the panel members will be final.
